

D

Heutige Werkstätte von Handwerkzeugen und landwirtschaftlichen Werkzeugen Tokos hat Ihre anlagen so in uralten Tradition der Ausfertigung von Sicheln und Sensen wie auch im traditionellen Standort, wo laufend die Produktion schon seit 1744 läuft.

In der Geschichte von Fabrik sind viele Veränderungen aufgetreten. Unter ersten Besitzern müssen wir den Österreichischen Feldmarschall Jožef Radtzky erwähnen, eine Person, der Johann Strauss den berühmten Radetzky Marsch gewidmet hat. Dann hat den Betrieb die erste aus Familie Ahačič, Fr. Barbara, gekauft, und dorthin die Familienhandwerkstatt verlegt. Nach zweitem Weltkrieg wurde die Fabrik Nationalisiert und befand sich 50 Jahre im Staatsbesitz. Im Jahr 2001 wurde der Mehranteil zurück an die Nachkommende von Dr. K. Ahačič zurückgegeben und im Jahr 2008 wurde der Unternehmen vom heutigen Besitzer Herr Adolf Struc gekauft.

Heute beträgt der Export von Tokos mehr als 85% von seiner Produktion. Unsere Geschäftspartner sind große Unternehmen, die anspruchsvolle

GB

The today factory of hand and agricultural tools Tokos has its origins in the very ancient tradition of manufacturing scythes and sickles as well as in the traditional location where the production has been going on uninterruptedly ever since 1744.

There were great changes in the factory's history. One of the first owners to be mentioned is field marshal Joseph Radetzky, the man to whom Johann Strauss dedicated his famous Radetzky march. Then the first daughter of the Ahačič family, Barbara, bought the plants of factory and moved into it their hundred-year-old family craft. After the Second World War the factory was nationalized and fifty years in state ownership, however the majority shareholding of the factory was returned to the descendants of Dr. K. Ahačič in 2008 the company was taken over by Mr. Adolf Struc.

Today Struc Tokos exports more than 85% of its production. Our business partners are large companies, which supply the demanding markets and with their wishes inform us about the modern trends that influence on the constant improving of quality and the development of our products.

Märkte versorgen und mit ihren Wünschen die modernen Trends an uns weitere leiten. Trends, die einen großen Einfluss auf Vervollständigung und Entwicklung von unseren Produkten haben.

Fabrik Tokos erzeugt zwei Produktarten:  
Programm von Handwerker Werkzeuge  
Programm von landwirtschaftlichen Werkzeuge

Die Werkzeuge TOKOS sind stark und hart. Weil sie zuverlässig sind, sind sie zu einem unentbehrlichen Begleiter von allen geworden, die sie täglich bei ihrer Arbeit oder Hobi benutzen. Sie sind ein vollkommener Zusammenfluss von Erfahrungen bei Erzeugung von Handwerkzeugen und Meisterhaftigkeit, dass aus der Tradition hervorgeht.

Die Warenmarke TOKOS bedeutet für unsere Kunden eine Garantie der Qualität. Zu unserer umfangreichen Liste von Modellen setzen wir immer neue zu – derzeit gibt es mehr als Tausend in verschiedenen Kategorien – und wir bemühen uns dafür, dass wir für unsere Kunden aus der Bauindustrie, Landwirtschaft und für Heimmeister, ein Vertrauenswerter Partner bleiben.

The factory Tokos produces two product lines:  
Craft hand tools line  
Agricultural hand tools line

TOKOS tools are strong and firm. Being reliable, they have become an indispensable companion to all those who use them daily for their work and hobby. They are a perfect composition of experience in manufacturing hand tools and the mastery originating from tradition.

The trade mark TOKOS signifies the guarantee of quality to our customers. We constantly add new models to our extensive list of models – currently there are over one thousand models in various categories – and we strive to stay a trustworthy partner to our customers from building industry, agriculture and home masters.
